Dear Terri

Here are your petitions. Sorry there aren't more signatures. If you heard the weather reports for the past weekend, you will know most people got snowed out of the con. Those of us that were there were having a grand time. What better place to get snowed in but a Star Trek convention. Well, I hope these signatures help the campaign. Keep me posted. I also enclosed a GRMS membership application if you'd be interested.

Keep dreaming,

Jim McClure
Vice President
